### REMARKS/ARGUMENTS

Favorable consideration of this application is respectfully requested. Claims 1 – 14 and Claim 20 were previously canceled in a Preliminary Amendment filed on 10/10/2003. Claims 15 -- 19 are withdrawn because of a restriction requirement. Claims 21-26 are now pending. No new matter has been entered. Favorable reconsideration is earnestly solicited in view of the following remarks.

Applicants acknowledge the Notice of Non-Compliant Amendment under 37 CFR 1.121 mailed on August 14, 2006. The Legal Instruments Examiner, Nicole Lawrence, indicated that the listing of claims does not include the text of all pending claims, including withdrawn claims.

When Applicants filed the divisional application on 10/10/03 a preliminary Amendment accompanied the filing that canceled Claims 1 – 14 and Claim 20; thus the pending claims for the divisional application were Claims 15-19, and 21-26. Following a restriction requirement for the divisional application, Claims 15-19 are withdrawn and Claims 21-26 are now pending.

Applicants submit the present amendment of the **corrected section** (Listing of Claims) of the non-compliant amendments filed by Applicants on July 25, 2006 and August 07, 2006. The present amendment provides a complete listing and status of the claims, including the text of the withdrawn claims 15-19, that were originally filed in the parent application, Serial no: 09/824,437, now U.S. Patent No. 6,670,058. No new matter is added by this amendment.

The application and claims are believed in condition for allowance in their amended form; allowance of Claims 21-26 is respectfully requested. If the Examiner believes that an interview would be helpful, the Examiner is requested to contact the attorney at the below listed number.
